

Keeping patients comfortable and safe during long infusion treatments is crucial. Since 1992, Champion has ensured that healthcare professionals have the clinical access and ease of use they need, while creating a comforting and reassuring experience for the patient. We help your patients relax with options such as gentle warming systems, recharging ports, tablet mounts, and a variety of custom accessories.

**KEY FEATURES OF A CHAMPION INFUSION RECLINER:**

- Trendelenburg for critical moments (12° flat-body position)
- Swing-open arms for patient transfer and cleanability
- Heat to help keep patients warm and comfortable
- “Infinite recline” positions for maximum patient comfort
- Wide arm surface for setting the IV
- Wall-hugger design, saving valuable floor space

*PREMIER CHOICE*

**1 ALŌ INFUSION POWER RECLINER**

The premium choice for infusion therapy with powered recline, Trendelenburg positioning, and a wide array of custom beauty selections for added aesthetic.

**2 ASCENT II POWER RECLINER**

Modern styling with powered recline for consistent control throughout treatment. Built for transport, clinical efficiencies, and maximizing floorspace.

**3 ASCENT MANUAL RECLINER**

Clinical functionality with manual recline and wide arm surfaces for easy IV setting. Wall-hugger design saves valuable floorspace.

**MAXIMIZE PATIENT VOLUME**

Open design allows your staff to quickly and efficiently clean between patients.

**MAXIMIZE YOUR FLOORPLAN**

Wall-hugger design reduces space between the chair and wall to make room for more chairs.

**MINIMIZE DOWNTIME**

Product durability, local customer care support and technicians keep your chairs in service longer.

**EXTRA CUSHIONING**  
in the seat and back for  
long treatment hours.

**WIDE ARM SURFACE**  
for starting IV, extra  
padding for patient  
comfort.

**REMOVABLE SEAT**  
for ease of cleaning.

Standard features  
such as 4" twin-  
wheel casters,  
retractable foot tray  
and push handle are  
perfect for **PATIENT  
TRANSPORT.**

**WALL HUGGER** design for  
tight spaces.

**SOFT, MEDICAL-GRADE  
VINYL** to match your  
aesthetic (optional).

**CUSTOM SELECTIONS** to  
create a recliner unique to  
your facility and needs.

**SWING-AWAY ARMS**  
open 180° for easy patient  
transfer and infection  
control.
